Reinforcement Learning

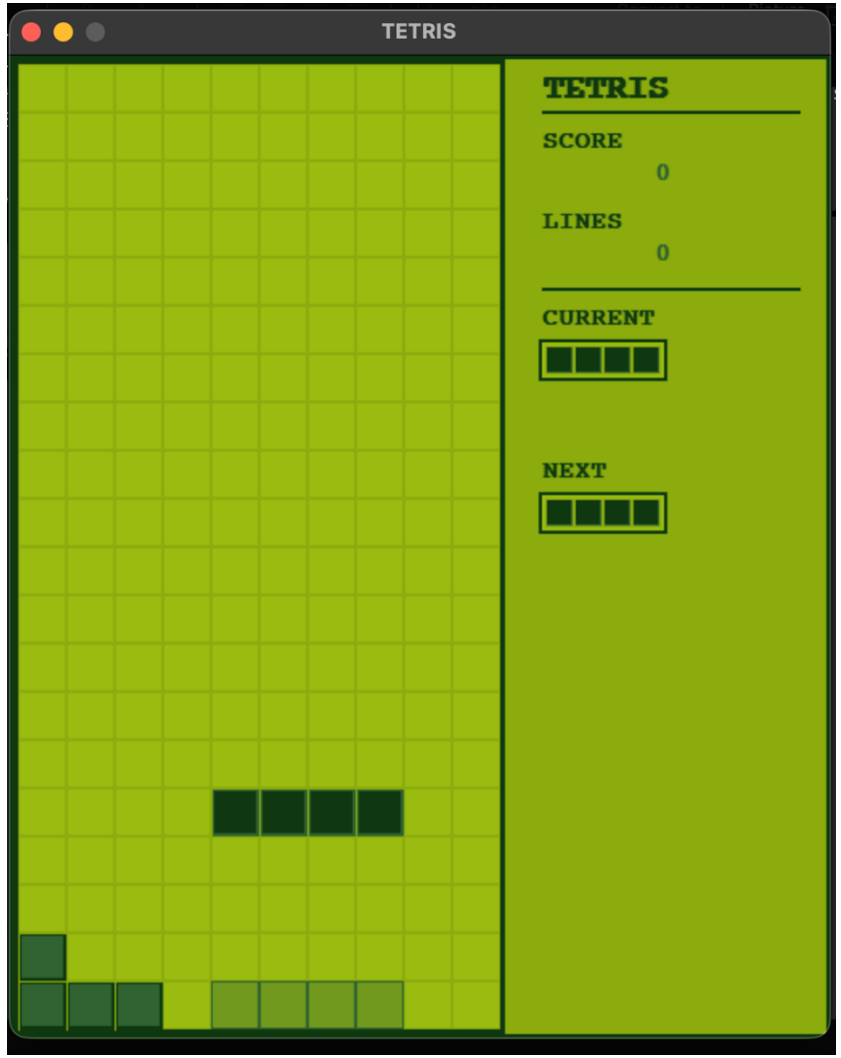
TETRIS

Schedule

- Week 1 – [29 Apr, 30 Apr]
  - Introduction - Lets meet the world!
  - Deliverable: Nothing
- Week 2 – [06 May, 07 May]
  - Are there rules?
  - Deliverable 01: Flow digram of the Environment and Play rules.
- Week 3 – [13 May, 14 May]
  - This is my first day!
  - Deliverable 02: Reproducing the learning Algorithm.
- Week 4 – [20 May, 21 May]
  - Optimizing the code.
  - Deliverable 03: Coming up with a new approach.
- Week 5 – [27 May, 28 May]
  - Which model is better.
  - Deliverable 04: Final model to compete!!

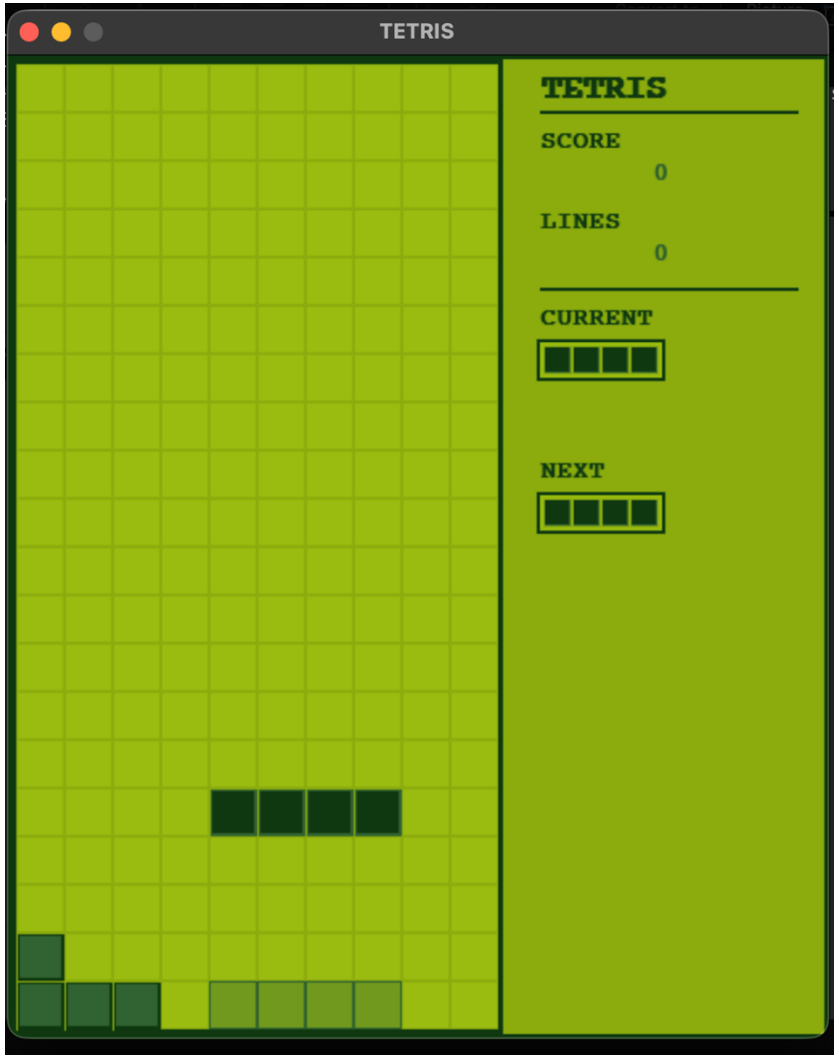
Lets meet the world!! - Environment

- Fixed set of variables.
- Tetrominoes.
- Grid size (20, 10).



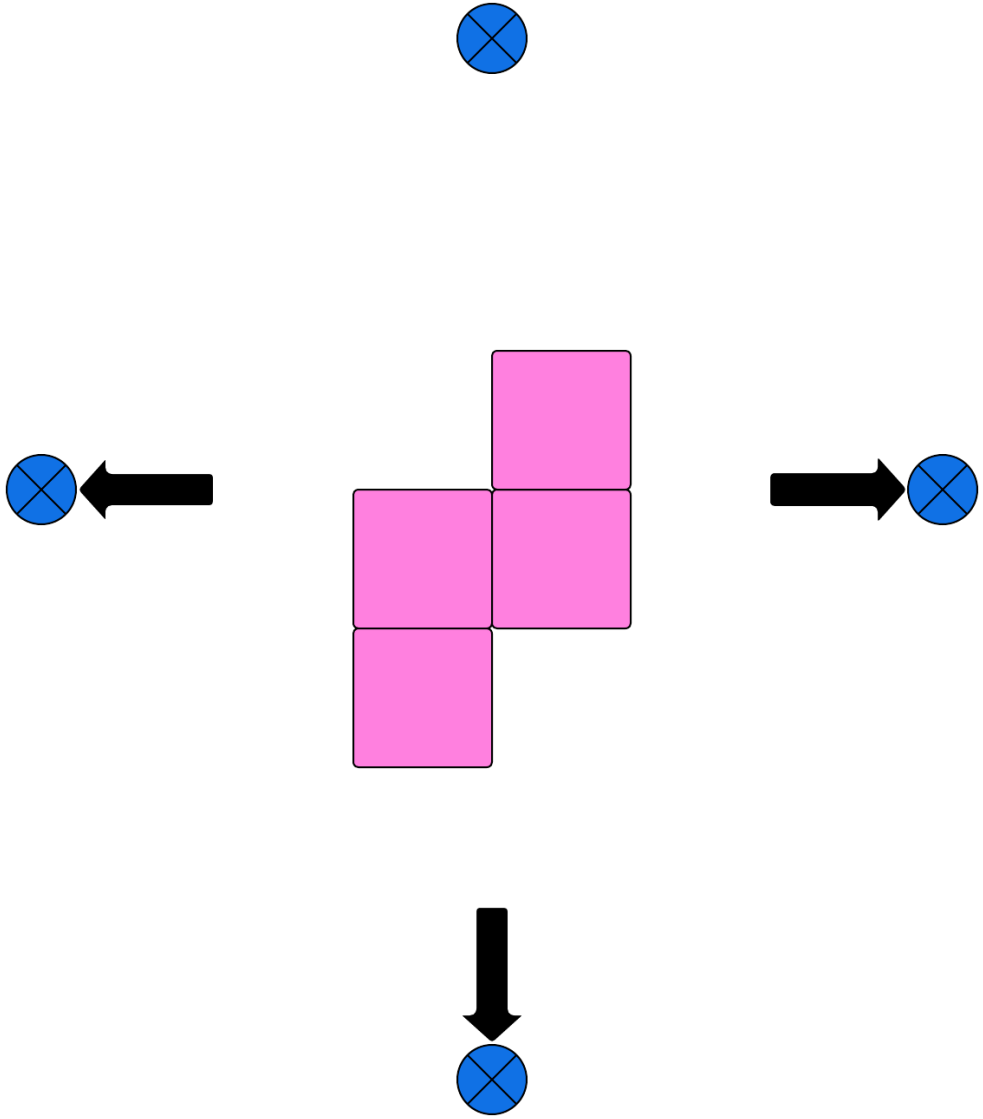
Lets meet the world!! – Game Rules

- Left, Right movements.
- Rotation.
- Valid movements.
- Pieces Spawn.
- Clear lines.

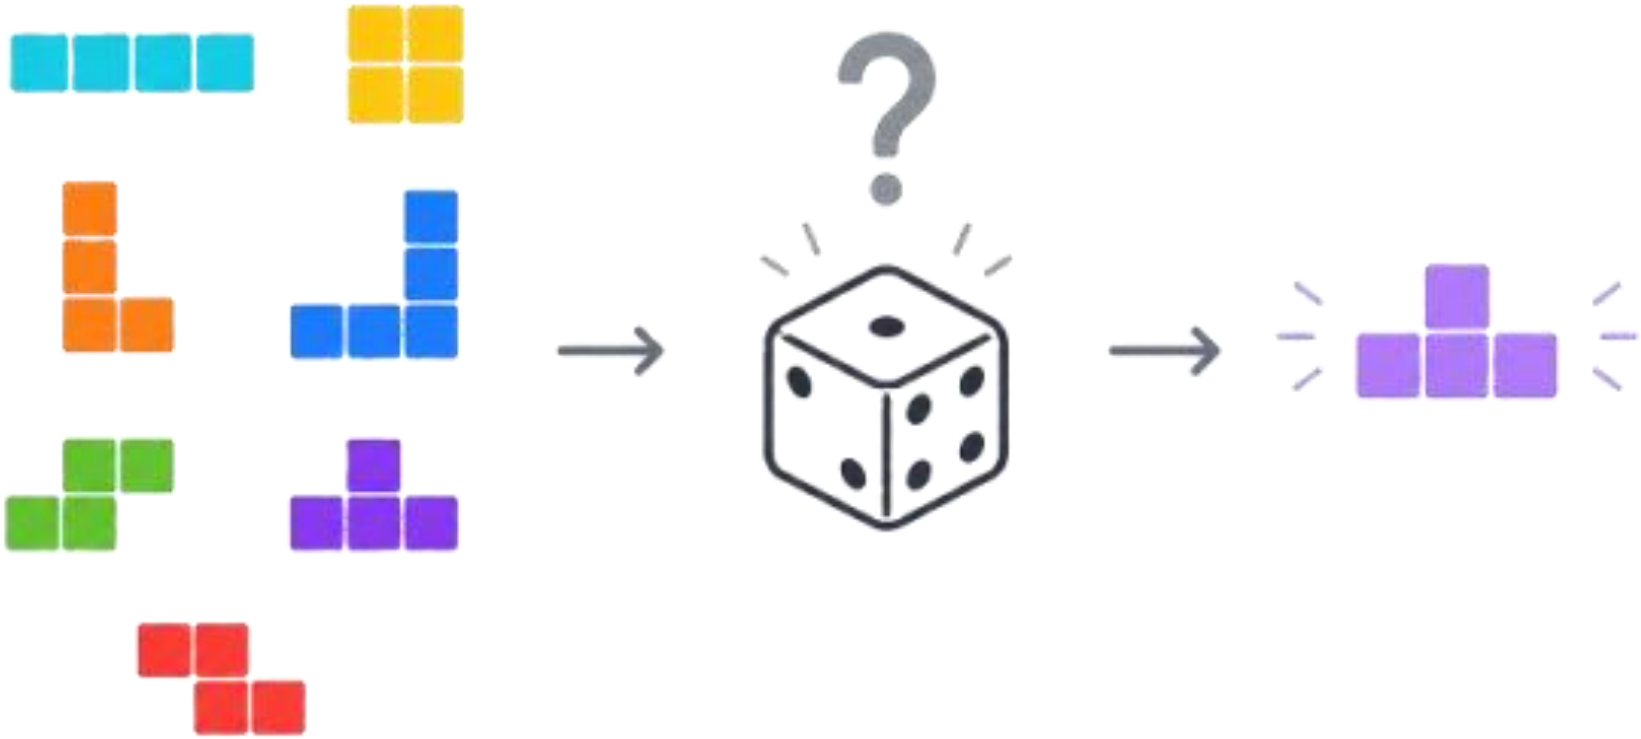


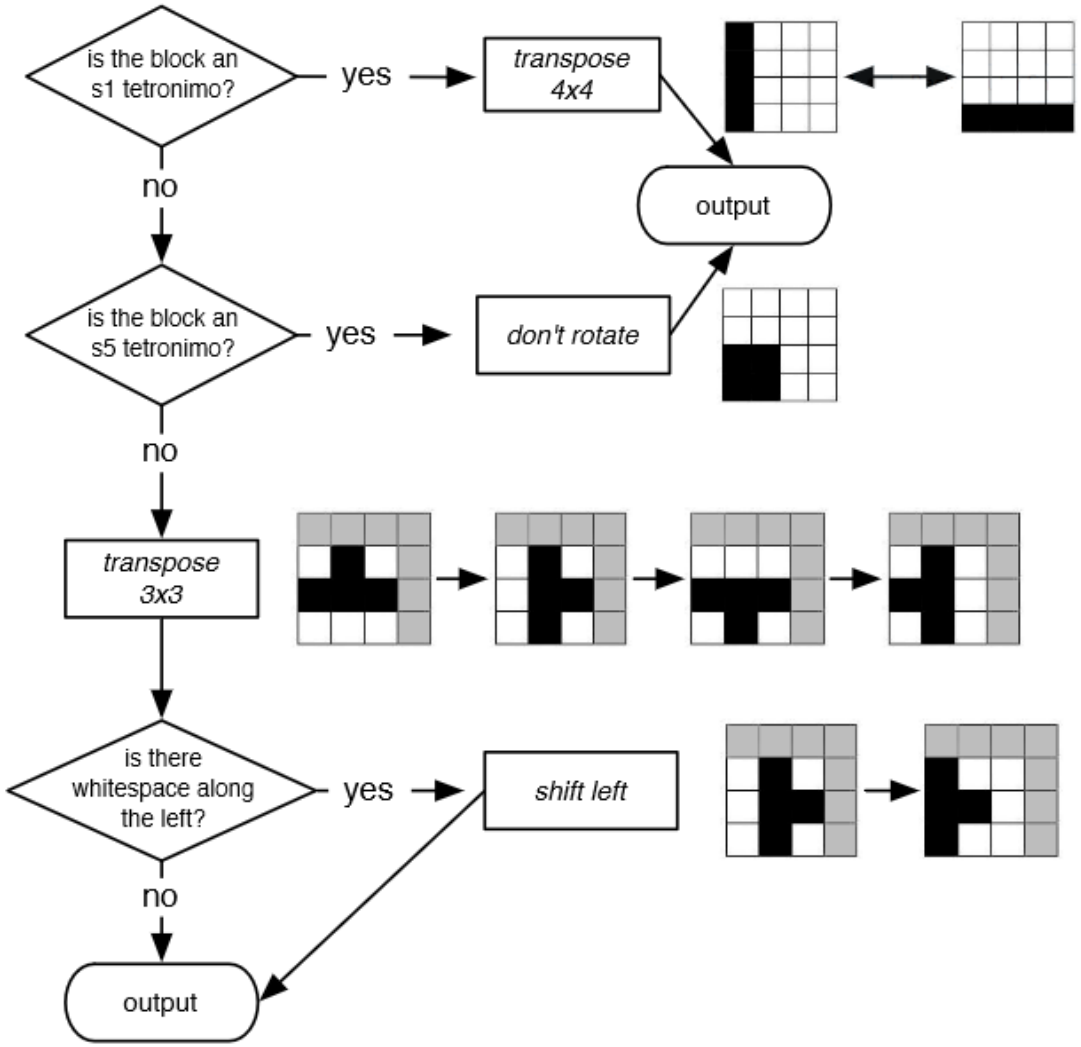
Let’s meet the world – Valid movements

- Left
- Right
- Rotation (90°)



Let’s meet the world – Pieces Spawn





Deliverable 01: Flow diagram
